

## HAZARDOUS CHEMICALS

- cause Parkinson's disease
- cause cancer
- mental illness
- destroys kidneys
- destroys liver
- destroys hormone system
- causes Alzheimer's disease

### Testimony:

*Chlorella really helped my depression.  
PB - Tennessee*

United States  
ranks number  
38  
in  
longevity.

## THE POWER OF CHLORELLA

Ounce per ounce

Six times more beta-carotene than spinach

More dietary fiber than leading fruits and vegetables

More complete protein than soy-twice as much as steak

Higher nucleic acid content-slows down signs of visible aging.

50 times the antioxidants of vitamin C and E.

The worlds highest known concentration of chlorophyll a powerful blood detoxifier and toxin eradicator.

### THE AMAZING CHLORELLA GROWTH FACTOR

revitalizes cells-keeping them younger-builds immune system

# Pure CHLORELLA

ALL NATURAL

*Broken Cell-Wall  
Chlorella Pyrenoidosa*

Dietary Supplement

**Chlorella** is an all natural whole food. This microscopic, green single-cell, freshwater micro-algae is a rich source of many nutrients that are beneficial to our diet. When compared with other whole foods, it contains unusually large amounts of chlorophyll, beta-carotene, and RNA/DNA nucleic acids. It also contains more than 20 vitamins and minerals, plus omega-3 and omega-6, unsaturated, essential fatty acids.

People are talking about the life improvement qualities of **Chlorella**. It is hailed as possibly the best cleanser of the body. **Chlorella** is the gem of the Orient. It is one of the greatest foods of nature, a simple food about the size of a red blood cell. As of yet, it's mysteries have not been unraveled by scientists.

**Chlorella** is great for people suffering from stress, arthritis, chronic fatigue, depression, poor circulation, high blood pressure. **Chlorella** is an excellent blood builder.

These statements have not been evaluated by the FDA.

## HIDDEN TOXINS

: Since 1940 we have increased the number synthetic chemicals in the environment by 380 times.

: 1,000 times more lead is in the average persons body than 500 years ago.

: 25 BILLION pounds of synthetic chemicals are created by industries each year.

: 2,000 different man made chemicals are found in most municipal water supplies.

: 10 pounds of synthetic food additives are consumed by the average American every year.

: Plastics used in food wraps and water bottles contain hazardous chemicals such as Bisphenols and Dioxin. These chemicals affect the hormonal system and the immune system of the body. They can also affect the blood pressure.

## CHLORELLA'S DETOXIFYING POWER

### CHLORELLA REMOVES:

#### : **Hazardous Chemicals**

Such as Dioxin

#### : **PCBs** [poly-chlorinated byphenols]

These are major pollutants in pesticides and herbicides.

#### : **Heavy metals**

Cadmium, lead, and copper

#### : **Mercury**

Studies show that chlorella sweeps mercury from the bowel and cells of the body.

*Removes free radicals from the body.*
